How does a Ram ProMaster® upfit happen?
Easier than you think.

3

THE PURCHASE ORDER

Once an agreement is made, the dealership or Fleet Management Company (FMC) will process the Purchase Order and send it to the Upfit Partner.

4

THE PARTS ARE SECURED

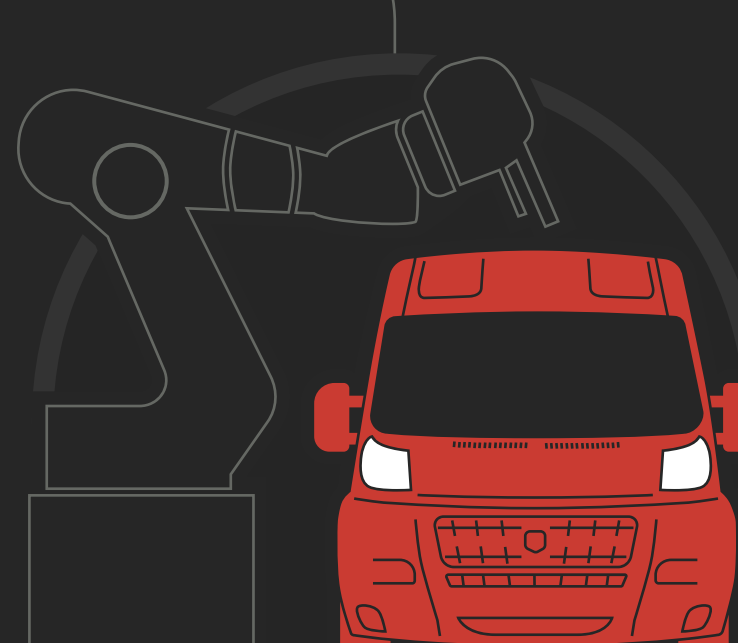

Our Upfit Partners ensure the required parts are ready for installation at the Upfit Center. The dedicated upfit shipping team makes parts shipping seamless, painless and ready to go when your ProMaster is ready to have the upfit package

5

YOUR BRAND-NEW PROMASTER IS BORN

The globally proven, extraordinarily efficient and highly capable Ram ProMaster® is carefully and precisely manufactured at the Ram ProMaster® Assembly Plant.

6

A VERY SHORT TRIP

Our Ram Commercial Upfit Center is literally across the street from our assembly plant. Which means drop-off time is measured in minutes, and your vehicle will be ready to go to work for you as soon as possible.

7

THE PRECISE INSTALLATION

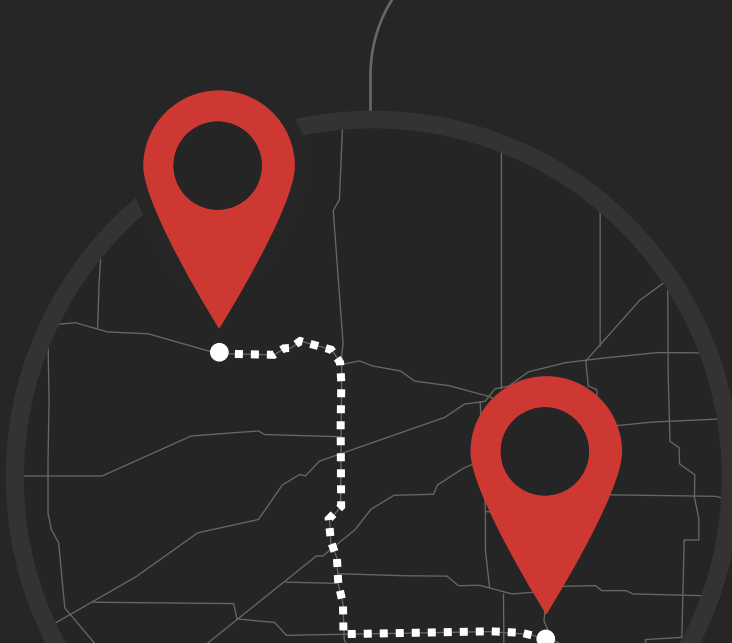

We run our dedicated Ram Commercial Upfit Center with the same exceptionally high standards as we use to build FCA vehicles worldwide. Which means the same attention to detail and the same dedication to quality.

8

A SPEEDY DELIVERY

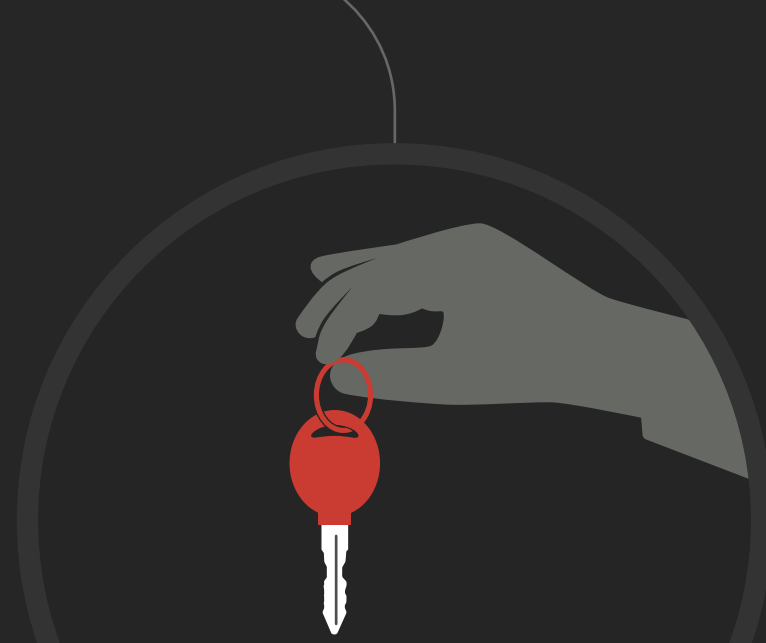

The moment the upfit on your Ram ProMaster® is complete, it's loaded onto a truck and shipped to you. No waiting on other customer orders – or an uncertain rail schedule.

9

THE PART WHERE YOU BECOME A VERY HAPPY CUSTOMER

Before you know it ... your shiny, new Ram ProMaster®, with its high-quality upfit, has arrived and is ready to get to work.
